### SECURITY INSTRUCTIONS

Do not reveal name of hotel or room number to strangers. Never discuss plans for staying away from hotel in front of strangers. Do not leave luggage unattended while checking out. If you notice anything of a suspicious or alarming nature, or have need of any special assistance, please contact the Switchboard dialing 9 or the Reception.

There will be no charge for lost keys. Do safeguard your key.

**Keys:** Safeguard your room key as if it were your residence keys. If room keys are lost or stolen, report to the Reception immediately. Lock your door from the inside while occupying your room. Make sure that your room door is locked and secure openings to balconies or patios before retiring or leaving room.

**Admittance:** Never admit repairmen without checking with the Reception; never admit persons with unsolicited deliveries.

**Safe Deposit Boxes:** Do not keep unguarded valuable items in room. Safe deposit boxes are available free of charge at the Reception.

## FIRE PROCEDURES

The Hotel Excelsior is equipped with the latest in fire protection systems. Please take a moment to review the following page regarding fire safety.

We also recommend that you review the emergency evacuation procedures information located on the back of your door. If you have any questions regarding our procedures, please contact the Guest Service dialing number 9 or the Reception.

### **WHEN YOU CHECK IN, PLEASE MAKE A NOTE OF THE FOLLOWING:**

Locate the nearest fire exits. Count and remember the number of doors between the exits and your door. Open exit doors and examine the staircase layout. Locate the nearest alarm pull station and fire extinguisher.

### **INSPECT YOUR ROOM**

Study the layout of your room, and determine anything that might help or hinder possible emergency exiting. Read all fire emergency information provided, including the layout on back of door. Always keep your room key handy near your bed. We hope that these procedures will contribute to your comfort and well-being during your stay at the Excelsior.

## EVACUATION PLAN

Please be prepared. Know the location of stairway exits and fire alarms.

### IN CASE OF FIRE, DO NOT USE ELEVATORS

**If you discover fire or smoke inside your room** call the Switchboard dialing number 9. Take your room key; exit the room; and close the door behind you. Alert others in the area. Activate the nearest fire alarm.

Walk to the nearest stairway (DO NOT USE THE ELEVATOR) and exit the building. If smoke is present, move away. **If you are ordered to evacuate your room** EXIT WITH CAUTION. Touch the door. If the door is not hot, open it slightly and look in both directions for the nearest exit sign. Take your room key, exit the room and close the door behind you. If smoke is present, move away. Walk to the nearest stairway (DO NOT USE THE ELEVATOR) and exit the building. **If you are ordered to evacuate your room and the door is hot** DO NOT OPEN IT.

Call the Switchboard dialing number 9

Stuff wet towels or clothes under the door and in air vents to keep out smoke and fumes.

Remain calm, and wait for further instructions. If you cannot exit, your room is the safest place to be. If you think you need to open a window for air, and you are above the ground floor, avoid breaking the window because you may need to close it to keep smoke out later.
